### Week 1 Feb 20 : Fun Phonics Palooza

In this two-hour immersive course, children will celebrate the Lunar New Year while strengthening the essential building blocks of literacy through sensory play and phonetic exploration. Your child will engage in "Dragon Breath" phonemic warm-ups, hunt for golden letter coins in festive sensory bins, and practice rhythmic rhyming with traditional red envelopes. Beyond letter recognition, students will develop fine motor writing skills and blending techniques, working together to aid and develop their love of reading.

## Academic Writing

In the real world, you must communicate your ideas clearly and persuasively--without the use of AI. We are going to go through the mechanics of evidence-based arguments and high-level syntax. This course is about building the discipline and the "IQ" for structured thinking to gain the confidence to communicate complex ideas clearly—a foundational skill for high school success and beyond.
