About Baker & Bloom

Baker & Bloom was established in 2014 with a mission to **cultivate a love of learning**, teaching students *how* to learn and innovate so they can flourish in a fast-changing world. We empower students with 21st-century skills so they can adapt and embrace life-long learning.

Our students are located in Hong Kong and abroad. We help all learners find their strengths and achieve their academic and personal potential.

We have **partnerships** with several non-profit and corporate organizations, as well as local and international schools.

Our focus is on developing students' creative literacy skills and confidence.

Testimonials From Our Parents:

“**Unlike other centers**... where students are taught mechanical writing formulas, [my children’s] teacher [at Baker & Boom] spent a lot of time reading with them before helping them create their own pieces. Not only did this enhance their reading and analytical skills along with their writing skills, but **it also inspired them**, which is what I think is different [about Baker & Bloom].”

- **Parent of G6 and G11 students**

“[Baker & Bloom] is a place for **inquiring minds**. Thanks to the **stimulating programs** and **wonderful teachers**, my children feel excited to learn and flourish with confidence. B&B has **enlightened them in a joyful way** and helped their intellectual minds in blooming.”

- **Parent of G6 and G12 students**
